

# Crazy Horse Drawing!

YOU WILL NEED: A PIECE OF PAPER, ART SUPPLIES (MARKERS, COLORED PENCILS, CRAYONS), AND FRIENDS OR FAMILY MEMBERS

1. Take a piece of paper and fold it in half and then in half again. Your paper should now look like an accordion with four sections.
2. Arrange it so you only see the top section. Draw a horse head in this section. Don't let anyone see!
3. Arrange it so that only the second to top section shows and give it to one of your friends. Tell them to draw a horse body. Don't peek at their drawing! Tell them to arrange it so only the third section shows.
4. They can give it back to you (or to another person) and then that person draws the feet. Don't peek yet!
5. Then arrange it so only the bottom section shows. The last person gets to draw the background.
6. When you are all done, unfold the paper and let everyone look at the crazy horse you have created!
